

Sterling 12

Stafford County

DC Metro Police Evidence Facility

## Proven Performance

DVA Architects has had a long and successful alliance with Federal, State, and Local Government agencies. We have completed both large and small contracts on-time and on budget. A partial list of federal agencies include Drug Enforcement Agency Operations Center, U.S. Naval Academy, F.B.I., Federal Air Marshalls, IRS, & FDA. County projects include Stafford County, Virginia and Roanoke County, Virginia.

### Core Capabilities

- New building sustainable strategies
- Existing building sustainability strategies
- Energy and daylight modeling
- Life cycle cost and payback analysis
- Existing building energy audits and due diligence
- LEED consulting and documentation services
- Commissioning
- Design build
- Federal, state, & local tax and green incentives
- Utility provider energy rebate analysis

### NAICS Codes:

- 234920 - Alternative Energy
- 541310 - Architectural Structures
- 541330 - Environmental Engineering Services
- 541340 - Drafting Services
- 541350 - Building Inspections
- 541410 - Interior Design
- 541620 - Environmental Consulting
- 541690 - Energy Consulting
- 926130 - Conservation of Energy
- 236220 - Building Construction

## PROJECT HIGHLIGHTS

### CUSTOM & BORDER PROTECTION HEADQUARTERS

- Secure facility built to ISC Level IV
- Secure perimeter with anti-climb fencing, 100' standoff vehicle barriers, and inspection area
- War rooms, operations center, training center, and conference center
- Secure visitor's entry with turnstiles

### DC METRO POLICE EVIDENCE FACILITY

- State of the art evidence facility for D.C. Metro Police
- Secure concrete façade with perimeter fencing
- Sally port for loading/unloading of sensitive material
- Secure coding, cameras, and automated shelving for evidence tracking
- 40' high computerized shelving storage systems with video surveillance

### STAFFORD COUNTY - POLICE, FIRE & 911 PUBLIC SAFETY BUILDING

- Mission critical operations center for emergency communications, Fire & Rescue, and police departments
- Data operations center with redundant heat & electric systems
- Sally port and maintenance facilities for police
- Secured site

### DEPARTMENT OF EMPLOYEE SERVICES

- 229,000 S.F. employment and business outreach
- Secure underground parking
- Secure lobby with guard station and turnstiles
- Conferencing center

### DEA OPERATIONS CENTER

- Mission critical operations and data center
- 100' setback secure perimeter with vehicle inspection
- Three 1,500 kw generators
- Redundant and remote incoming electric and telecom
- 80% raised floor – 4' high

### ACC 4,5,6,7 Data Centers

- Tier IV data collocation centers
- Each building consists of 350,000 S.F. or more
- N + 1 redundant mission critical infrastructure
- Secure visitor's area with man trap
- Secure site with vehicle control

### EMERSON 3,5,6,7

- 612,000 S.F.
- Office, operations, & data centers located near Ft. Meade in Maryland
- Blast resistant design to UFC medium level
- Full building emergency power
- 142' setback, secure perimeter, and vehicle checkpoint
